Excluding merges, **4 authors** have pushed **26 commits** to main and **28 commits** to all branches. On main, **28 files** have changed and there have been **2,904 additions** and **969 deletions**.

Demo!

Challenges & Lessons Learned

Challenges
- App not writing to database
- Hamburger Menu
- Keeping track of pulling & merging on Github

Lessons Learned
- Pair programming and working as a team worked best for us
- Meeting in person was the most effective
- Mostly debugging and working through things
